

# DUDES N BEER

SOLVING THE WORLD'S PROBLEMS 12oz AT A TIME...

## Weaponizing Minds Since 2015!

The [Dudes n Beer Podcast](#) sheds light on the hard conversations and fringe topics usually skipped over by mainstream media. We believe that within these uncomfortable conversations lies the opportunity to build unity, understanding and common empathy among human society!

The American Revolution was begun by people sitting in a bar talking about religion and politics, and yet these topics are now forbidden in social circumstances. Why? The [Dudes and Beer Podcast](#) is an open discourse on the current state of humanity. We discuss everything from science and nature to government and declassified programs as well as the supernatural and paranormal.

The Dudes n Beer podcast is a proud member of the [HC Universal Network](#) family of podcasts. Visit our [LISTEN LIVE](#) page and join the conversation every Tuesday night at 8pm CST!

### **About the Host:**

Christopher Jordan has spent his life in search of Truth. With one foot in the real world and one in the surreal, Chris has explored the disciplines of philosophy, world theologies, science and esoteric knowledge. But when Chris spent time as a professional broadcast engineer for mainstream and alternative media, he saw that neither was covering any these topics with sincerity or the concept of open conversation. Rather the opposite. So it is that Chris began the Dudes n Beer podcast, a show dedicated to talking with guests and having the hard conversations humanity needs to have to evolve without fear of judgement, ridicule or shame.
